

can be met by providing such an affidavit from one or more individuals who did not witness the incident, provided the individual was directly informed by one or more employees who witnessed the incident.³

(4) The provision of any evidence under this section or other provisions of this part, including one or more affidavits, would not, in and of itself, be sufficient to confirm the facts presented by that evidence. NIOSH will consider the adequacy and credibility of any evidence provided.

(5) If, under § 83.15(a), NIOSH has already issued a FEDERAL REGISTER notice scheduling a Board meeting to consider a petition concerning a class

of employees, then any petitions for such a class of employees submitted following this notice must, under paragraph (c)(2) of this section, present substantially new information that has not already been considered by NIOSH. For this purpose, NIOSH would find that information has been already considered by NIOSH if it were included in the petition(s) that were already considered by NIOSH or if it were addressed either in the report(s) by NIOSH evaluating such a petition or petitions under § 83.13(c) or in a proposed decision by NIOSH responding to such a petition or petitions under § 83.16(a).

(b) After 30 calendar days from the date of notification under paragraph (a) of this section, NIOSH will notify any petitioner(s) whose petition remains unsatisfactory of the proposed finding of NIOSH that the petition fails to meet the specified requirements and the basis for this finding.
